Comprehensive Scanning Services

Digital Scanning - Once your documents are at SC Strategic Solutions (SCSS), we will scan them in a timely, secure professional environment. We use industry standard TIFF and PDF file formats or can adapt to whatever format(s) you currently utilize. In other words, the transition to SC Strategic Solutions will be simple and “painless”.

While we have your files, we will retrieve any information you need and offer same day service of your request (24/7).

Record Capture

- SCSS will remove and box all your records on a customer determined schedule.
- The records will then be broken down, scanned and indexed to client specifications.
- All scanned records will be stored for 3 months after scanning at no cost; following this time period records can be returned upon request or stored for an additional length of time at a nominal cost.
- All images will automatically be uploaded to SCView for retrieval by authorized users.

Record Retrieval

- While records are off-site, we offer prioritized scanning at no charge.
- All record requests will be delivered at no charge 24/7.
- All records will be accessible and searchable by authorized persons or positions.

Document Services Provided

- SCSS provides for transportation of all documents to our scanning facility.
- Records are scanned on high-speed production scanners for high quality images.
- Scanning verification and quality assurance will be performed to ensure image quality, image orientation and indexing schemes.
- All documents will be prepped for scanning which includes removing the documents from any binding, removing all staples, repairing tears and separating any shingled or shadow documents.
- All records will be scanned in a non-proprietary TIFF format.

Other items that are provided at NO COST:

- Cost to pick up files and deliver media*
- Cost of boxes and time to box
- Cost of Indexing and prep (3 index fields)
- Cost for storage before and up to 3 months after processing
- Cost for retrievals 24/7
- Cost for disaster recovery
- Cost for document destruction or document return

***No cost pick-up and delivery of media applies to most projects; however, pick-up and delivery fees may be assessed based on the size and scope of the project. Those will be determined on a case-by-case basis and communicated to you prior to signing.**

Imaging software

SCView (CORE End User Software) Imaging Software – SCSS will provide an end user software module providing retrieve, view, edit, annotate and print scanned/indexed documents. Access to the software is administered by a SCSS manager or designated personnel. SCView enables different user rights to be assigned to different users individually, by group, department or globally. For example, if a user has the appropriate rights, they can open a document, redact the social security number and email it to a requester. Within SCView, there are various levels of security built in to ensure your information is as secure as it is accessible.

SCView Imaging System provides additional benefits with:

- No purging/archiving due to unlimited storage of images provided.
- Standard TIFF images utilized for importing/exporting images.
- Remote access capabilities for off-site locations.
- Ability to process multiple data feeds from other systems for viewing.
- Unlimited grouping feature for easily managing large amounts of data.
- Auto log off (time based).
- Ability to edit indexed data.
- Split screen functionality.

When new upgrades to the software become available to the CORE system, they will be provided at no charge. These upgrades are for additions to the CORE system. Any customized software developed at the request of the customer may incur programming fees (this will be done in writing).

Electronic Forms/Workflow – Make ANY form paperless. No need for scanning, shredding, printing or paper

- Reduce costly paper handling and manual routing.
- Accelerate the delivery of paper and manual form-based information.
- Tracking, routing, auditing and process awareness.
- Reduce errors and improve accuracy.

Onboarding Module – Streamline onboarding through SCView

- View real time updates when someone view, signs or declines a document
- All documents are automatically archived in the SCView document imaging repository

Off-site Data Hosting

Data Hosting is ideal for businesses that want lower monthly IT cost while having around the clock server monitoring, 99+% system uptime and continuous security threat management. We include the testing and deployment of SCView in addition to all updates and upgrades. We closely monitor log files so we can provide insight into server performance, traffic flow, hard disk usage and security vulnerabilities.

Below are a few of our many hosting advantages:

- Redundant Internet Connections
- Placement on our 1000Mbps internal Layer 3 switched Ethernet backbone
- UPS back-up, Standby Generator Backup
- 99+% uptime on all services required for image access
- Co-location of data for disaster recovery
- Discrete Facility Secured by IP Cameras and security monitoring
- 24X7X365 Network monitoring and alerts
- Direct contact to dedicated support specialist via phone and email
- Monthly network vulnerability assessments

Support

System support and maintenance, our mission is comprehensive service to its customer. Our service support philosophy is to continually deliver the highest quality image and information management services and products in the industry. Our performance goal for each system is 99.9+% uptime; our professional goal is 100% customer satisfaction.

Once the system is installed and active, SCSS will conduct a project turnover meeting with appropriate personnel to ensure a seamless project turnover. Experienced personnel operate our service lines, and have the ability to dial in to an installed system, with licensee permission. This helps our staff better analyze reported problems, and assist the licensee in returning to a normal processing mode as soon as possible. Below are our standard response times.

Support phone numbers and email addresses will be provided upon contract approval. Our business support hours are from 8:00AM – 5:00PM Eastern Standard Time (EST). Optionally, 24/7/365 support can be provided (additional fees apply).

Level	Description	Targeted Response Time	Targeted Fix Time
0	The system is not functional.	2 Hours	8 Hours
1	A problem exists in the system; however, a workaround solution enables the Licensee to continue normal daily processing.	4 Hours	24 Hours
2	A system problem exists that causes some inconvenience for the customer.	8 Hours	72 Hours
3	The Licensee has requested a system enhancement.	Request will be evaluated and placed into release schedules as approved by SCSS management.	Client will be notified at time of approved request.
